

Collecting Eyeglasses - Feb 18-28

Laura Seeger, a 2012 graduate of Saint Kateri School and currently a senior at Mercy High School, is working on her Senior Service Project. Her project, *Eyeglasses for Opportunity*, was inspired by an experience she had in ninth grade.

Laura joined her father, an ophthalmologist, on a medical mission trip to Honduras and witnessed firsthand the difference a pair of glasses makes to those in need.

Each person her father examined walked away with a new tool to aid in their everyday life. Remembering this, she is focusing on collecting used eyeglasses to send to the International Missionary Foundation. IMF is a national Catholic organization dedicated to doing medical mission work in developing countries.

A single pair of glasses can provide an improved chance at success and independence. Please consider donating used eyeglasses to this project. It will change someone else's life. Collection boxes will be **available in Feb 18-28** at the church entrances of Christ the King, St. Cecilia, and St. Margaret Mary. Start going through your drawers and closets now and pull out those eyeglasses you don't need!

Be Christ to the World -
